

Mahak Idnani

Associate Product Manager · Product Operations · Business Analyst | Remote Worldwide
mahakidnaniwork@gmail.com | [linkedin.com/in/mahak-idnani](https://www.linkedin.com/in/mahak-idnani) | mahak-idnani.vercel.app

PROFILE

Product and operations professional who enjoys turning ambiguous problems into structured execution. Led product delivery from concept to launch, shipped a fintech platform in four weeks, delivered international client projects independently, and won 1st place at Empathy Jam Galway 2025. Comfortable working directly with stakeholders, prioritizing work, and driving execution in remote-first teams. Available immediately for worldwide remote opportunities.

EXPERIENCE

- Web Developer & Project Lead - Egan Services** | Freelance Client Project April – June 2026
<https://eganoservices.com/index.html> (India)
 - Ran the project end-to-end from requirements, planning, build, and deployment – using JavaScript, with direct client collaboration throughout
 - Managed all client communication and delivery timeline directly; revised scope based on client feedback across iterations
- Product Manager - VERDIQ (Fintech Platform)** | Independent Project Feb – March 2026
verdig-know-what-you-do.vercel.app
 - Owned the full product lifecycle: scoped the problem, prioritized features, and managed delivery through to live deployment
 - Structured delivery in Jira across 3 sprints, 4 epics, and 20+ user stories; tracked progress and unblocked the engineering partner to hit every milestone on schedule
 - Ran competitor analysis across 8 tools against 6 user personas to define the product specification and scoring methodology
 - Coordinated daily with a backend engineer on task breakdown and integration shipped from concept to live product in 4 weeks
- Web Developer & Project Lead - Clarity Point Consultancy** | Freelance Project Aug – Oct 2025
claritypointconsultancy.com (USA)
 - Translated client business requirements into a structured project plan through direct stakeholder discussions
 - Tracked progress against timeline independently to deliver on schedule; built and deployed the site on WordPress and Hostinger
 - Refined site structure across multiple feedback rounds based on client and user input

EDUCATION

- MSc Information Systems Management** | University of Galway, Ireland Sep 2025 – June 2026
 - Modules: Agile Project Management, Business Analytics, Database Systems, Applied Systems Analysis, Enterprise Systems
 - 1st Place at Empathy Jam 2025 Galway (Genesys) and 3rd Place at Wayfinder Hackathon Dublin
- Bachelor of Computer Applications (BCA)** | SCSIT, DAVV, Indore - CGPA 7.6 Sep 2022 – May 2025
